

PHARMACIST SURVEY

POLICY EVALUATION OF MICHIGAN'S STATEWIDE
NALOXONE STANDING ORDER

BACKGROUND

SUMMARY

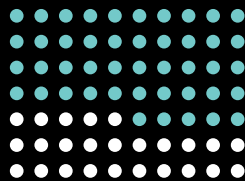

Michigan implemented a naloxone standing order in 2017. It allowed people to get naloxone, a drug that can reverse an opioid overdose, at participating pharmacies without a prescription.

The pharmacist survey was part of a policy evaluation of the standing order. The survey assessed pharmacist awareness, attitudes, and actions about opioids and naloxone.

PARTICIPANTS

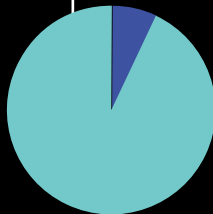

700
PHARMACISTS

447
WORKING IN COMMUNITY
BASED PHARMACIES

PHARMACIST TRAINING

93%
of pharmacists have received naloxone training in the past 5 years

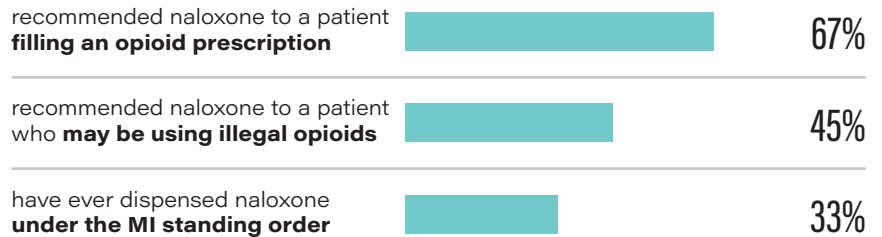

THANKS TO

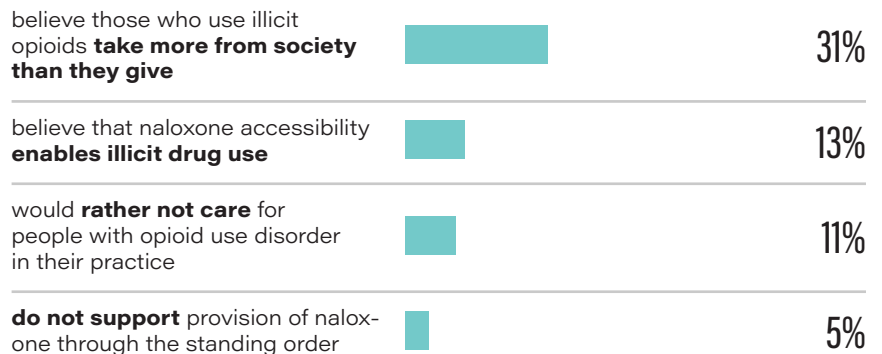

This work was funded by the Michigan Department of Health and Human Services (MDDHS) Michigan Overdose Data to Action (MODA) program (Agreement #s: E20203597-00 and E20212442-00) with funds from the Centers for Disease Control and Prevention (CDC) Overdose Data to Action (OD2A) grant.

FINDINGS

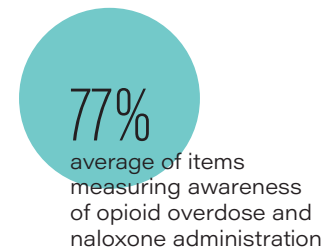

PHARMACIST NALOXONE RECOMMENDATION

PHARMACIST STIGMA

PHARMACIST AWARENESS
